SKILLS SUMMARY

- Figma
- Design Systems
- User Research
- AI Research
- Usability Testing
- Prototyping
- Information Architecture
- Interaction Design
- Cross-functional collaboration
- HTML, CSS, JavaScript
- Agile/Scrum
- Miro
- Adobe CC

LANGUAGES

Farsi.....Native

English ...C1

German...B2

RESIDENCY STATUS

Permanent EU/EEA Work & Residence Permit

HI!

Three and a half years in B2B SaaS, end-to-end, across web and Android. Data-heavy interfaces, complex multi-step workflows, enterprise users making real decisions under pressure. In my previous role I owned the design system, built the Android app from scratch, and ran a research practice that included customer interviews, live usability sessions, and quantitative surveys.

AI is part of my process. I use it to synthesize research faster and move through early-stage concepting more efficiently. Currently finishing a Master's in Design Management, with front-end skills in HTML, CSS, and JavaScript. Vienna-based, open to remote, permanent EU/EEA work permit.

EXPERIENCE

• 01/2023 – 02/2026

UX/UI Designer & Researcher docu tools GmbH, Vienna, Austria

- Built and maintained a deeply nested design system across web and Android, cutting design inconsistencies and reducing sprint overhead across squads by establishing shared component libraries and standards from scratch.
- Designed the Android app end-to-end from zero, covering service design, user journey mapping, wireframes, interaction design and production handoff, resolving key usability friction points identified through research before launch.
- Drove improvements across high-traffic core features by running customer interviews with enterprise clients, live webinar usability sessions with real-time ratings, and quantitative surveys, feeding findings directly into redesigns.
- Delivered a 360° camera integration from initial wireframes and Figma prototypes through to production launch, expanding platform capabilities for enterprise clients in field operations.
- Conducted sprint design reviews within a cross-functional squad of ~30 across product, engineering, and QA in an Agile environment, ensuring implementation matched design intent at every stage.
- Applied accessibility standards to interface designs, including WCAG AA contrast ratios, keyboard navigation, and screen reader compatibility.

• 10/2022 – 12/2022

UX Design & Research Intern CUXpro, Vienna/Salzburg, Austria

- Audited UX quality across multiple client products, mapping usability gaps and presenting structured findings to stakeholders.
- Designed a smart home heating control app end-to-end from discovery and wireframes through to high-fidelity Figma prototype, delivered within the three-month internship.

• 2019 - 2022

Translator English/Farsi Self-employed, Vienna, Austria

• 2013 - 2017

Business Class Flight Attendant, Office Staff MahanAir, Tehran, Iran

EDUCATION

• 01/2025 - Ongoing

Master's Degree, Design Management
SRH Fernhochschule - The Mobile University

I study how to connect design with business strategy, focusing on how design can drive value and support decision-making in organisations. The flexible distance-learning format is designed for full-time professionals and strengthens my skills in research methods and user-centered approaches, helping me manage and lead UX processes more effectively.

• 05/2026 – 07/2026

Front-end Web Development
CodeFactory Vienna, Vienna, Austria

• 03/2022 – 06/2022

UX Design Bootcamp
Talent Garden Innovation School, Vienna, Austria

UX Design Masterclass / Certificate Program with two projects:

- myCulture, an art and culture app for exhibitions and museums in Vienna
- GoTravel, a travel guide app

• 10/2020 – 11/2020

Persian Miniature Painting
Reza-Abbasi Museum, Tehran, Iran

Training at the Reza Abbasi Museum, home to a unique collection of Persian art from the pre-Islamic and Islamic eras. Also organized and presented exhibitions of traditional art and painting at the museum.

• 02/2015 – 01/2017

Persian Carpet Design & Texture Diploma
Rasam Arabzadeh Carpet Foundation and Museum, Tehran, Iran

Training in the Rasam Arabzadeh Carpet Foundation and Museum, with a diploma certification from the Iran Technical and Vocational Training Organization.

• 02/2013 – 05/2014

Cabin Crew Training
MahanAir, Tehran, Iran

Business Class • A+ Flight announcer • A300 • A300-600 A310 • BAe(RJ) • B747 licenses • SEP • AVSEC • DGR • First Aid

• 06/2011 – 11/2011

Digital Editing
Islamic Republic of Iran Broadcasting, Tehran, Iran

Digital Editing certification

• 09/2006 – 05/2010

Bachelor's Degree in Economics & Banking
Allameh-Qazvini Institute of Higher Education, Qazvin, Iran
